- (1) Rubber Grommet

INSTALLATION NOTES

- 1. IMPORTANT:** This item is designed to be used as either a marker lamp or turn signal, NOT as both. At installation you must decide whether to use it as a marker lamp or turn signal.
- 2. This item is not a** direct "plug and play" item. Installation requires a basic understanding and skillset of automotive wiring. The installer must use a test light or multimeter to identify the correct wires in the vehicle's wiring harness to tap into in order to power this lamp. If this is beyond your skills, please seek the help of someone more experienced with automotive wiring.
- 3. There are two wires on** the lamp pigtail. The BLACK wire is POSITIVE. The WHITE wire is NEGATIVE. Be sure to make your connections appropriately.
- 4. We recommend using female bullet** connectors (not included) to connect to the

male bullet connectors already existing on the pigtail. Alternatively you may cut the existing bullet connectors off of the pigtail to use the connector type of your choice.

- 5. DO NOT cut off the fat "pill" section** of the pigtail. The components housed inside it are necessary for proper function of the LED lamp.
- 6. Many Poison Spyder products such** as Crusher Flares™ and DeFenders™ come with a 3/4" mounting hole already cut into them, intended for mounting this lamp.
- 7. If installing into a blank panel** or location without an existing hole, use a 3/4" hole saw or Greenlee punch to create a suitable hole.
- 8. Installing the lamp into the 3/4" hole** is easiest by first slipping the pigtail through the grommet, then through the hole. Next, push the grommet into place in the hole, followed by pushing the lamp into the grommet. A small amount of soapy water may help lubricate the components during installation.

WARRANTY

Poison Spyder Customs™ warranties all of the products we sell and distribute for one (1) year from the date of sale. These products will be free from defects in material and workmanship under normal installation, and use. Due to the intended use the powder coat finish is warranted for ninety (90) days. The finish warranty will not cover a product if it has been damaged in any way. Warranty is limited to repair or replacement. Poison Spyder Customs™ does not offer any type of labor or shipping allowance and all warranty claims are subject to inspection by Poison Spyder Customs™.

At the discretion of Poison Spyder Customs™, the products in question can be repaired or replaced when found defective. Prior to any replacement or repair, written authorization must be obtained from Poison Spyder Customs™. Failure to contact us prior to having warranty work preformed will immediately void all applicable warranties; and it is then the sole responsibility of the customer to remit any payment incurred.

The warranty expressed above is the sole warranty of Poison Spyder Customs™, and any other expressed or implied warranties are hereby specifically excluded and disclaimed.
