Patriot Board Hardware Installation

This instruction covers only the installation of the board mounting hardware. The installation of the board brackets is included in the bracket kit for the required installation. (Sold separately.)

Hardware included: 64"

12 x Hex head bolts
12 x Locking hex nuts

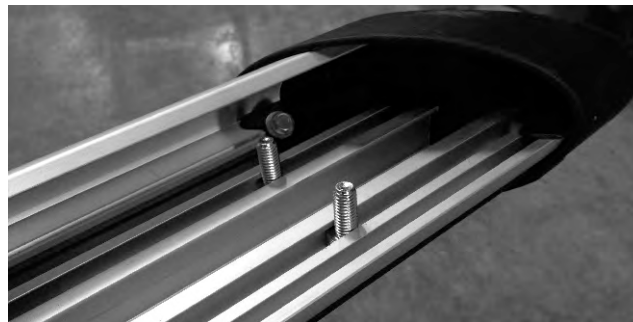

Hardware included: 80" & 90"

16 x Hex head bolts
16 x Locking hex nuts

The Rampage Patriot Boards are built with tracks on the underside for installation of the hex head bolts. The number of bolts installed may vary based on the number of brackets required for the application. Two bolts are installed for each bracket required.

Install the bolts by sliding the heads into the slots in the boards. The threaded portion should be facing out so it can be inserted through the brackets once installed on the vehicle and secured with the lock nuts included with these boards.

NOTE: The "U" clamps and related hardware included in the hardware kits for the brackets will not be used with the Patriot Boards. Please disregard them when installing.
